Mission Statement

We are convinced that every human being is valuable and deserves the opportunity for self-realization and self-fulfillment.

We aim to work together to provide all students with a caring environment in which learning, cooperation, self-esteem and success are valued and encouraged, thus enabling children to achieve their maximum development potential.

We are committed to helping learners acquire and use knowledge, communicate effectively, and become responsible and respectful active individuals in their community, prepared to meet the challenges of the future.

We challenge our students to take personal responsibility for their education and to apply their learning to a diverse and changing world.

Al Mawakeb School was founded in 1979 as a private international school. Al Mawakeb School provides the most comprehensive college preparatory education to students of all backgrounds and nationalities.

Al Mawakeb Schools boast a student body of over 5,000 with 60 nationalities represented on both its campuses (Al Garhoud and Al Barsha).

English is the medium of instruction in all subject. We also follow a unique trilingual education program in English, French, and Arabic which enables our graduates to pursue higher education worldwide. The students begin studying the English, French, and Arabic languages as of Kindergarten.

Students of Grade 10, 11, 12 follow an academic US-style curriculum (equivalent to a US Grade 12 Diploma). There is one common curriculum without streams. Subjects are compulsory. Non Muslim students are exempted from Islamic Education.

N4B initiative

In Gr.11 – 12, where the Notebooks 4 Books (N4B) environment is deployed, the technology is advanced. All high school classrooms are N4B equipped, which are structured to allow the use of notebook computers in the place of traditional books in the high school. This gives students immense access to resources with the teachers' supervision.

Al Mawakeb Schools had also launched AMS-online on Sept23rd, 2000 which provides a link with our parents. This service also continues to enhance our admin-parents communication efficiency.
